Did you know that:

- Around half a million Swedish men were in military preparedness along the Kalix line during the war?
- Häggmansberget is around 9km from Mariebergs Wild Farm & Adventure Centre?
- Two old cannons have been preserved on the mountain?

For those with a yearning for the front line...

You'll receive call-up papers at your home address with place and time.

At Marieberg you'll be equipped with a uniform, bully tin, map and compass.

Marieberg's very own Colonel will delegate a task to be jointly solved – fix the pea soup for the troops!

Take a shot in the Cannon Bar...

We transfer the troops to the summit: the Cannons on Häggmansberget with a great view over the Kalix area. Take a refresher in the Cannon Bar. We hope you're keeping tabs on your ration card!

In the Hall of the Mountain King at the dead of night...

Pangs of hunger must now be taking over. We take a 3-course meal underground, this time cooked by the Colonel with, of course, Marieberg delicacies on the menu:

Bleak Roe Kalix style

Marinated Venison/Wild Boar

Homemade Berry Tart & Cream

We overnight in secure underground defences and eat a good breakfast of bacon and egg before heading back to our starting point and military discharge.

Price: Activities, lunch and 3-course dinner including beverage and overnight accommodation underground.

Price: Tendered
